from the rear goor when the car struck and sustained possible internal injuries. She was cut about the face and hands and four teeth were knocked out when she struck the pavement. She was at-tended by Dr. Brophy of J. Hood Wright Hospital.

of No. 305 West Ninety-ninth street was the motorman, had started down the hill on One Hundred and Ninth street when he applied the airbrakes to check the speed. They falled to work and the car gathered headway.

REAL ESTATE FOR SALE-

A New Record Month WINDSOR LAND and Improvement Company

April closed as our greatest sales month. \$357,707 of Long Island Horre Property sold to New York City people in April.

• Since our remarkable announcement of one year ago we have made a 50% increase in pro-

duction in our sales department. In the year 1911 we sold home building sites on LONG ISLAND amounting to \$2,100,762 which was approximately a 50% gain over the year 1910. This year we are nearly 50% ahead of 1911 sales for the corresponding period. For the first 18 weeks ending Tuesday, April 30th, 1912, our sales amount to \$760,844. We have every reason to expect that 1912 will close with sales amounting to \$3,600,000.

WHAT is the SIGNIFICANCE of this GREAT SUCCESS? It is that the Windsor Land and Improvement Co. is offering to the buying public most desirable property at prices that bring a purchase within the reach of the man of moderate means.

The office personnel, and especially the salesmen, are permanently employed. They devote their time and energy to the selling of Long Island Home Real Estate. This in itself is a guarantee of satisfactory dealings. It is fully appreciated by the public, as shown by our

greatly increased sales.

The substantial character of this company and the desirability of its property, therefore, offers an opportunity for financial gain to purchasers and salesmen alike that is not surpassed
